Ms. Kohut, I'm writing to inquire if some documents I filed in my case are still in the court file. I filed about 40 sets of Interrogatories with Motions to compel and I filed a Notebook of Exhibits with a 500 page Index. These are important for the court to consider and as the case has moved from Phila. to Reading to Phila. to Allentown, I know it is possible that things could get displaced. I'm going to file a Motion to Reopen soon as the incidents at issue were not considered on the merits and the injuries caused me serious disabling health conditions, some were just recently discovered, some discovered three years ago and others ongoing and permanent since original date of incidents. I also filed a 911 audio CD when I called for help as I was being physically assaulted. Please let me know if this is still in the file, if not I can provide another copy. Thank you.

Jo Ann Fonzone, Esquire, Plaintiff
